

A Grand Refurbishment

Grand Harbour Hotel Southampton

The Grand Harbour Hotel is celebrating its
20th Anniversary
in 2014 with a full refurbishment.

Encompassing all 173 bedrooms,
meeting rooms, public areas,
restaurant, bar and leisure club,
the hotel is undergoing a transformation,
starting in January 2014.

Restaurant Concept

We are completely revamping our restaurant and bar areas to bring you a new and exciting place to eat, drink and relax. Our restaurant will be modern and welcoming with a British style menu and the bar and Atrium will have a traditional Hampshire pub feel to it which will become the heart of the hotel and the place to meet with family and friends.

As well as a complete refurbishment of the 173 bedrooms air-conditioning is being installed and the new beds will ensure you enjoy a perfect nights sleep.

It is a very exciting time for the hotel, to keep up to date follow us on Facebook or Twitter.
